## Visit to the P-63 submarine in Weggis

The company Subspirit and Lucerne Tourism cordially invite you to visit the P-63 submarine, which is normally stationed in Vitznau.

The P-63 is the only commercially authorised submarine in Switzerland. In use for research and science and, from May 2025, exclusively and regularly throughout Switzerland, from Vitznau, for guest cruises on Lake Lucerne. A 15-minute presentation followed by a tour takes place every full and half hour.
