## 'Yoga meets Weggis' Summer Festival

Breathe in. Arrive. Welcome to the 7th Yoga meets Weggis Summer Festival - your open-air retreat.

On 30 and 31 August 2025, two days full of movement, tranquillity and joy await you right on the shores of Lake Lucerne. Leave your everyday life behind for a weekend, meet inspiring people and immerse yourself in a diverse festival programme. The international line-up leaves nothing to be desired: Adam Husler from London, Amayama from Mexico and Céline Ryf from Bern - three souls who live, love and pass on yoga in their very own way. Whether humorous and precise, sensual and musical or powerful and devoted - every encounter is unique. Look forward to touching yoga sessions, delicious soul food, creative workshops and hand-picked yoga gadgets at the Kula Market. Whether you prefer to immerse yourself in flowing vinyasa or float straight into shavasana - our programme is open to all levels. Like yoga by the sea - only sweeter. Detailed programme & tickets:
