Exhibition at KunstWerken

Jürg Feusi, etching, painting and hoclams

Jürg Feusi is a restorer and has also worked as an artist on buildings. In addition to his professional work, he paints with pencil and coloured pencil. In the process, he creates figures, faces, flower tendrils, ornaments, landscapes and lettering that fit together in a mysterious way. Small and large pictures and etchings invite you to immerse yourself in Jürg Feusi's world of fantasy.
