Shamin has always sung since she was a teenager. Later she was accompanied to train her voice and expand her singing skills with competent professional support. Singing means a lot to Shamin and is an important part of her life. In 2008 she worked on her EP with 5 songs. In the meantime, Shamin has also been able to gain international experience. Milestones in Shamin's musical career are: 'Berklee College of Music' in Boston USA and in Valencia ES, the 'Jazz Academy' in New York USA, as well as the 2-semester full-time studies in basic training at 'BIMM' (Former Tech Music School) in London UK. Peter Aebersold Band (CH) plays the blues elegantly wrapped in the cloak of funk and rock. The band shines with an authentic joy of playing and captivates the audience with captivating improvisations. Stylistically, the band draws from a broad bouquet of influences, so that old blues standards appear in a new guise. The band manages to inspire its audience with a broad, dazzling program. With this in mind, the Peter Aebersold Band always manages to entertain young and old with their entertaining live atmosphere, with crooning slow blues, danceable rock'n'roll numbers as well as gritty rock bangers. Viola Lanhagen will also be performing as a special guest.
