'Yoga meets Weggis' Summer Festival

Warming rays of sunshine on the skin, flowing movements in the body - nature, energetic moves, silence and community.

On 5 and 6 August 2023, the "Yoga meets Weggis" Summer Festival will take place for the fifth time. A dreamlike location directly on the shore of Lake Lucerne, inspiring yoga classes and delicious soul food await you. On the first day, you will experience a fusion of dynamics and tranquillity. Discover new things through movement with Nataljia and Lars. Take time to be dynamic and present in the here and now, to listen to yourself in silence, to open up and stretch in body and mind. In the evening, let Bea take you on a shamanic journey as we sit around the fire and the sun sets over Weggis. Sleep under the majestic starry sky and start the new day with Nathalie's refreshing morning lesson. Afterwards, enjoy the delicious Boho brunch with a view over the glittering lake and the impressive mountains. The festival days can be booked as a combined ticket or individually.
